

# PRESSURE REDUCING VALVE Y-TYPE BASINÇ DÜŞÜRÜCÜ VANA Y-TİPİ

| Piece Nr. | Name Of Pieces         | Materials                    |
|-----------|------------------------|------------------------------|
| 1         | Body                   | En Gjs 400                   |
| 2         | Actuator Lower Chamber | En Gjs 400                   |
| 3         | Damper                 | SAE 1040+EPDM SEALING        |
| 4         | Actuator Cap           | EnGjs 400                    |
| 5         | Hexagonal Bolt         | 8x8 Galvanized               |
| 6         | Needle Valve           | Ms58 Forging                 |
| 7         | Diaphragm              | Neoprene Court Fabric Rubber |
| 8         | Pilot Valve            | Ms58 Forging                 |
| 9         | Manometer              | O63                          |
| 10        | Editon Surface         | EPOXY COATING                |
| 11        | Pin Alignment Bushing  | CuSn10                       |
| 12        | Damper Washer          | SAE 1040                     |
| 13        | Diaphragm Washer       | SAE 1040                     |
| 14        | Pin                    | AISI 304                     |
